

POCKETMASTER™

Now there's **ONE** screw for **ALL** your hard and softwood pocket hole applications.

- ❶ **60% Less Driving Torque with No Driver Bit Slippage**
(Easier to drive and eliminates driver bit cam-out)
- ❷ **50% Longer Type-17 Cutting Flute Eliminates Splitting**
(Longer cutting point cuts better and splits less)
- ❸ **45% Reduction of Splitting, Cracking & Bursting**
(Less splitting = more efficient production and less waste)
- ❹ **30% Greater Holding Power / Pull-Out Values**
(Holds and pulls joints tighter together)
